

Prysmian Group incontra gli studenti e i laureati in ingegneria ed economia dell'Università degli Studi di Padova

WOULD YOU RATHER WAIT FOR THE FUTURE. OR BUILD IT?

It's progress that moves the world forward. We're Prysmian Group, the world's leading designer and manufacturer of cables, and progress is the driving force of our business. We help cutting-edge technology make the leap from imagination to reality.

As a result, our cables form the infrastructure people need to make things happen, from power distribution, to the latest internet optic fibres, we help communities get what they need to thrive. With over 20,000 employees, active in over 50 countries, our specialism in energy and telecoms puts us at the heart of so many everyday products and experiences.

Our people don't just react to today, they shape the things to come. This is your chance to be one of them.

WOULD YOU LIKE TO BE ONE OF THEM? WHAT WE OFFER.

"Build the Future" is our exciting international graduate program.

Join us and you will have: Permanent contract with competitive salary, Induction Training in our HQ delivered in partnership with a Top school of Management, Job rotation in R&D, Operations and Sales International assignments within a multicultural Environment, Mentorship program.

We will provide you with the skills and expertise you need to succeed, driving you towards career growth. Just imagine the possibilities.

SO WHAT ARE WE LOOKING FOR?

We're searching for graduates keen to pursue a business management and technical career.

To apply for the program, you'll need:

- ✓ A degree in engineering or business administration - or be currently working towards one.
- ✓ To have had an outstanding university career, ideally with experience abroad.
- ✓ Speak fluent English and have an international mind-set.
- ✓ To demonstrate strong communication and interpersonal skills.

If you think you've got what it takes to succeed in this highly-challenging, yet rewarding environment, fill in the application form on our website and start using all your energy and knowledge to help shape the future of the world.
